FIRST AND LAST NAME: Grzegorz Fibiger

YOUR CURRENT POSITION: 6th year medical student
Jagiellonian University Medical College, Kraków, Poland
Researcher at International Evidence-Based Anatomy Working Group

YOUR ADVISOR: Professor Jerzy A. Walocha, Associate Professor Przemysław Pękala

UNDERGRADUATE AND PREVIOUS GRADUATE TRAINING (IF ANY): Medical Doctor program,
Jagiellonian University Medical College, Kraków, Poland
6th-year medical student

YOUR HOMETOWN: Kraków, Poland

HOBBIES AND/OR SPECIAL INTEREST: My hobbies include mountain hiking, tennis, and going to the gym. In my free time, apart from conducting scientific work in clinical anatomy, I enjoy travelling and exploring new places around the world.

WHAT WOULD YOU LIKE TO SEE YOURSELF DOING 10 YEARS FROM NOW? My long-term academic goal is to become an Assistant Professor in an Anatomy Department, combining teaching, research, and clinical practice. I would like to share my knowledge with young medical students at the beginning of their medical careers. Clinically, I envision myself specializing in orthopedic surgery, with a particular focus on knee surgery and sports medicine.
