

BIOMAB, the Municipality of Zakynthos and the Embassy of Belgium
warmly invite you
to honour
one of the most fascinating characters of the Renaissance

Andreas Vesalius

1514 – 1564

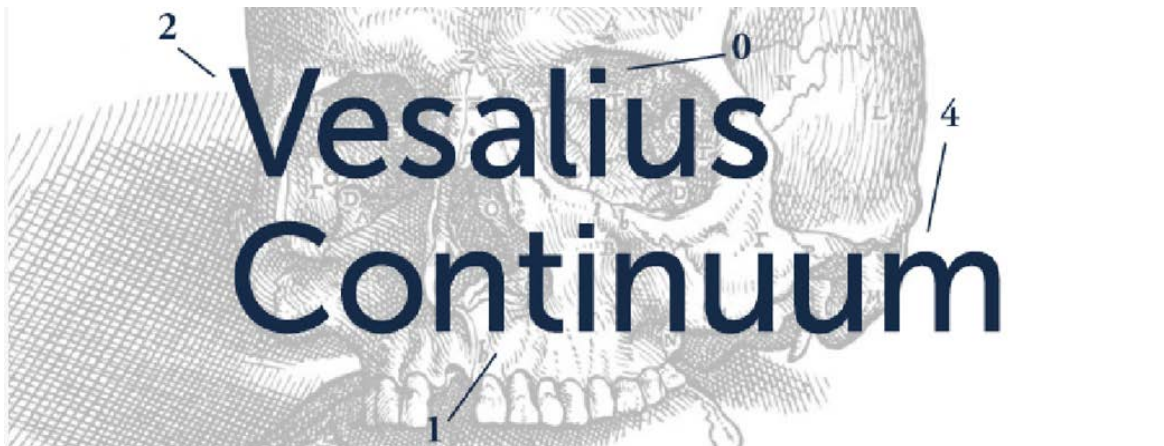

in Zakynthos, Greece
September 4 – 8 / 2014

Born in Brussels, Belgium, half a millennium ago,
his fame spread across the world.
Today he is accepted by all to be the father of
the modern approach to Anatomy.

450 years after his death on the Greek Island of Zakynthos,
he has become an icon beyond borders and time.

Vesalius scholars from
the UK, the US, France, Italy, Greece and Belgium
will present research on Arts & Sciences
at the international Vesalius Continuum conference.

Extra's are a monument created by Pascale Pollier & Richard Neave,
a contemporary art exhibition and musical concerts.

How to register:
